

WWII Encampment Display with Jeep & PX

The WW II Encampment: The Dixie Wing offers a simulated WW II encampment and post exchange (PX). This display includes authentic WW II field gear, grenades/rifles (inoperative), and a WW II jeep with 30 cal machine gun.

The PX: *The Dixie Wing PX is designed to be a complimentary part of our overall airplane display package.* The PX carries SBD, Kate, C-45, PT-26, SNJ, and Harvard merchandise. Other merchandise typically sold at the PX includes: shirts, hats, flight suits, patches, dog tags (a crowd favorite), toys, books, etc.

The Jeep: Our WW II encampment / PX can also include a US Army Jeep complete with pedestal-mounted 30 cal machine gun. This jeep is painted identically to one used by the 355th fighter squadron in the Pacific theater during WW II. Note that the jeep display is available only for those airshows located within 150 miles of Falcon Field, Peachtree City, GA.
